Statement of intent

Blagdon Nursery understands that the safety, wellbeing and protection of pupils is of paramount importance. However, all children must be able to expect certain levels of trust when sharing personal information with school staff.

Children need to know that they can seek help from the school in a safe and confidential manner.

This policy guides school staff and visitors on the policy and procedures surrounding confidentiality.

Staff members take a supportive and accepting attitude towards pupils as part of their general responsibility for pastoral care. It is our hope that both children and parents/carers feel free to discuss concerns and worries that may affect educational progress with members of the school team.

The Confidentiality Policy has the following benefits, it:

- Promotes a supportive and accepting ethos within the Centre
- Safeguards the wellbeing of children
- Builds trust between pupils and staff.
- Empowers children to exercise control over their situation and voice their concerns.
- Prevents the Centre dealing with each disclosure in isolation.

1. Legal framework

This policy will have consideration for and be in compliance with the following legislation:

- The Education Act 2002 Section 175
- The Crime and Disorder Act 1998 Section 115
- Data Protection Act 1998
- The Human Rights Act 1998 Article 8
- The Common Law of Confidence
- The Freedom of Information Act 2000

This policy is intended to be used in conjunction with the following:

- Safeguarding Policy
- E.Safety Policy
- Whistleblowing Policy
- Our Value and Vision

2. Definitions

Confidentiality

Confidentiality is an understanding that any information shared with someone in trust will only be passed on to a third party with the prior agreement of the person disclosing it.

Disclosure

Within this policy, a 'disclosure' is the sharing of any private information. It does not solely relate to child protection issues.

Limited confidentiality

Disclosure of the content of a conversation may be discussed with professional colleagues, but the confider would not be identified except in pre-determined circumstances.

Designated Child Protection Co-ordinator

The designated Child Protection Co-ordinator is a designated staff member responsible for ensuring that the Child Protection Policy is implemented by the entire Blagdon and community and ensures the wellbeing and protection of the children. The Headteacher is the designated Child Protection Co-ordinator.

3. Policy application

The policy deals with personal information that may be divulged during the course of a day. It is not meant to deal with certain extreme situations where there is an urgent need for the disclosure of information to relevant bodies.

In extreme situations, such as medical emergencies, staff members should pass on information as necessary for the wellbeing of the child.

4. Personal disclosures

Fundamentally, all information about individual children is private and should only be shared with staff members who have a legitimate need to know.

5. The limits of confidentiality

In practice, there are few situations where absolute confidentiality can be offered. The school aims to strike a balance between confidentiality and trust, and ensuring the safety, wellbeing and protection of our pupils.

In almost all cases of disclosure, limited confidentiality is on offer.

The professional judgement of a teacher, counsellor or health professional is vital when considering whether to inform a child that a disclosure may be made in confidence and whether such confidence could remain having heard the information.

6. Classroom confidentiality

If a visitor to the classroom is contributing to the lesson, such as an education programme or healthcare professional, they must work within the same boundaries of confidentiality as the teacher.

7. One-to-one disclosures

Staff members should make it clear that they may have to pass on some information if they believe the child is at risk.

When concerns for a child or young person come to the attention of staff, for example, through observation of behaviour or injuries or disclosure, however insignificant this might appear to be, the member of staff should discuss this with the designated Child Protection Co-ordinator as soon as possible.

More serious concerns must be reported immediately to ensure that any intervention necessary to protect the child is accessed as early as possible. Please see the Child Protection Policy for further information regarding safeguarding.

8. Breaking confidentiality

When confidentiality must be broken because a child may be at risk of harm, in accordance with our Child Protection Policy, the school will ensure the following:

- Children are told when the information has been passed on.
- Children are kept informed about what will be done with the information.
- To alleviate their fears about everyone knowing, children are told exactly who their information has been passed on to

In this school, the Headteacher is to be informed of all incidents regarding child protection concerns.

Staff members are contractually obliged to immediately inform the Headteacher.

Staff members are not obliged to inform the police on most matters relating to illegal activity such as illegal drugs or assaults.

These should be assessed on a case-by-case basis with the support of the Senior Leadership Team.

Staff members are not permitted to pass on personal information about pupils indiscriminately.

9. Guidance for teaching staff

School staff must not promise confidentiality. Children do not have the right to expect that incidents will not be reported to parents or carers and may not, unless made an explicit promise, assume that the information will not be passed on to a relevant body. No member of the school staff should give such a promise.

The safety and protection of the children is the paramount consideration in all confidentiality decisions.

Staff members are not obliged to break confidentiality unless there is a child protection concern.

Staff members are encouraged to share their concerns about children, in a professional and supportive way with relevant colleagues.

In extreme cases, staff in breach of this policy may face disciplinary action, if it is deemed that confidential information was passed on to a third party without reasonable cause.

The following principles will be adhered to:

- Personal matters are discussed in an appropriate time and place.
- A child with concerns is spoken to in confidence as soon as possible.
- Where there are child protection concerns, the child is always spoken to in confidence before the end of the school day.
- A child is told, prior to disclosures, that a staff member cannot guarantee confidentiality if they think a child may hurt themselves, hurt someone else or is being hurt by others.
- The child will not be interrogated or asked leading questions.
- A child will not be placed in the position of having to repeat the disclosure to several people.
- The child will be informed before information is shared.
- Where possible, the child is told to confide in their parents or carers.

10. Guidance for support staff and volunteers

All support staff and volunteers are expected to report disclosures of a concerning personal nature to the designated Child Protection Co-ordinator as soon as possible and in an appropriate setting.

The designated Child Protection Co-ordinator will then decide on what further action to take.

11. External visitors

All external visitors are made aware of the Confidentiality Policy and work within its limits when interacting with pupils.

Healthcare professionals will work within their own codes of confidentiality when they deliver their services within the school.

12. Support for school staff

Staff members may find themselves dealing with highly personal issues and potentially upsetting disclosures. Staff members are encouraged to ask for help if they are unsure what to do in any situation.

The Centre has access to several agencies that can provide advice and support. As a team, the Blagdon community can ensure the wellbeing, happiness and protection of its children.

13. Informing parents and carers

The Centre will work with parents and carers to create a partnership of trust. We endeavour to inform parents and carers of their child's progress at school and any concerns regarding progress and behaviour.

Where a child discusses a personal matter with staff, they will be encouraged to share the information with their parents, unless there is a child protection risk associated.

Where a member of staff believes a child protection risk is posed in regards to the family of the child, following a disclosure, the member of staff will talk to the Child Protection Co-ordinator and Local Safeguarding Officer immediately.

14. Onward referral

The designated Child Protection Co-ordinator is responsible for referring pupils to the School Counsellor and multi-agency support. Staff members may not make referrals unless they believe a child protection referral to the police or Social Services is necessary and the designated Child Protection Co-ordinator does not agree.

15. Records and processed data

All data will be processed and held in line with the school's Data Protection Policy.

16. Dissemination of policy

All parents and carers are made aware of the school's Confidentiality Policy and informed that a copy can be viewed in the office and on the school website. Parents and carers are made aware that Blagdon cannot offer complete confidentiality if they deem a child is at risk from harm.
